

TOP 10 REASONS TO BUY AN INTERNATIONAL® TERRASTAR®

1 TRUE COMMERCIAL DUTY

Includes 80,000-PSI frame rails and medium-duty components throughout the entire truck.

2 BEST VISIBILITY IN ITS CLASS

39% better than competition, thanks to shorter bumper-to-back-of-cab and set-forward axle position.

3 LARGEST CAB IN ITS CLASS

4" wider, 7.5" more headroom. Available with regular, extended and crew cabs.

4 BEST-IN-CLASS TURNING RADIUS

50.5° wheel cut and best-in-class turning radius of 23.3' provide increased productivity and outstanding maneuverability in tight spots.

5 MAXXFORCE® 7 DIESEL ENGINE

300 HP, 660 ft. lbs. of torque, a CGI block, dual turbochargers, and a B50 life of 500,000 miles.

6 ALLISON 1000 SERIES AUTOMATIC TRANSMISSION

Choose highway, rugged-duty, or emergency vehicle application ratings, T-bar or column-mounted shifter.

7 EASIER SERVICEABILITY

Features a tilt-away hood, routine service points on the driver's side, and easy-to-read fluid levels.

8 EASY ENTRY AND EGRESS

62" door swing, making it one of the most easily accessible cabs in the industry.

9 DIAMOND LOGIC® APPLICATION SOLUTIONS

Streamlines integration of equipment into chassis electrical system, provides software for custom body functions.

10 ONCOMMAND™ BY NAVISTAR

A unique suite of service solutions to help manage operations better, and keep trucks on the road.
